January 18 & 19, 2020 / The 2nd Sunday in Ordinary Time

John the Baptist saw Jesus coming toward him and said, "Behold, the Lamb of God, who takes away the sin of the world. He is the one of whom I said, 'A man is coming after me who ranks ahead of me because he existed before me.' I did not know him, but the reason why I came baptizing with water was that he might be made known to Israel."

Today's Catholic is called to take an intelligent, spiritual approach to the Bible. Listed here are 2 more of the 10 points for fruitful Scripture reading.

3. **Get the whole story! When selecting a Bible, look for a Catholic edition.** A Catholic edition will include the Church's complete list of sacred books along with introductions and notes for understanding the text. A Catholic edition will have an *imprimatur* notice on the back of the title page. An *imprimatur* indicates that the book is free of errors in Catholic doctrine.
4. **The Bible isn't a book. It's a library.** The Bible is a collection of 73 books written over the course of many centuries. The books include royal history, prophecy, poetry, challenging letters to struggling new faith communities, and believers' accounts of the preaching and passion of Jesus. Knowing the genre of the book you are reading will help you understand the literary tools the author is using and the meaning the author is trying to convey.
